Starting tomorrow, internationally inspired items are arriving at participating McDonald's Canadian restaurants, available for a limited time.

Breaking News! McDonald's menu items from across the globe have gone missing, and are now appearing in Canada, beginning tomorrow June 24th at participating restaurants for a limited time. The new **International Menu Heist** lineup includes the **Teriyaki Chicken Sandwich (Japan)**, the **Big Rösti (Germany)**, **McPizza Bites (Italy)**, **Biscoff® McFlurry® (Belgium)**, and two limited edition dipping sauces: **Garlic Mayo-Style Sauce (the UK)** and **Sweet Tangy Chili Dip (Australia)**. Getting excited? Check it out for yourself [here](#).

Embark on an exciting flavour adventure with the International Menu Heist line-up, including:

- **Teriyaki Chicken Sandwich:** The tastiest new sando has touched down! Enjoy the breaded seasoned chicken patty, covered in a delicious, sweet and tangy teriyaki sauce, topped with shredded lettuce, mayo-style sauce and a sesame seed bun.
- **Big Rösti:** While the origins of the hamburger are up for debate, there's no debate on the Big Rösti – it's so good. Picture a beautifully beefy burger, hickory-smoked bacon, melt-in-your-mouth processed cheese, delicious cheese sauce and the jewel in the bun: our golden "Rösti" hash brown. Served on a fluffy bun
